When a 30-year marriage ends, your life doesn't have to.

Divorce after 50 is fundamentally different than divorce at 30. There are decades of shared history, intertwined retirement accounts, adult children with complex loyalties, and the terrifying prospect of starting over alone when the finish line felt so close.

Gray Divorce is the compassionate, strategic compass for navigating late-in-life separation. Whether you are fighting to save the marriage, wrestling with an agonizing decision, or rebuilding after an unexpected departure, this book gives you the emotional resilience, financial clarity, and quiet dignity to reclaim your future.

INSIDE THIS ESSENTIAL REBUILDING BLUEPRINT:

- **The 4-Phase Decision Framework:** Determining whether to stay, separate, or begin anew.
- **Protecting Your Midlife Wealth:** Navigating pensions, homes, and retirement without financial ruin.
- **Adult Children & Grandchildren:** Communicating truth without parentification or alienation.
- **The First 90 Days & Beyond:** Rebuilding your identity, daily routines, and deep personal peace.
